Deni Carise, Ph.D.  
Laura MacPherson  
Thomas H. Coyne, MSW

**Remember: This is a follow up interview, not a test**  
**Questions will be reworded depending on the follow up time frame being used.**

**3mos. Post Intake: How many times in the last three months ....**

**6 mos. Post Intake: How many times in the past six months .....**

**Post Discharge: How many times since your discharge.....**

**INTRODUCING THE ASI:** Seven potential problem areas: Medical, Employment/Support Status, Alcohol, Drug, Legal, Family/Social, and Psychological. All clients receive this same standard interview. All information gathered is confidential.

There are two time periods we will discuss:

1. The past 30 days
2. The time that has passed since the baseline interview

**Patient Rating Scale:** Patient input is important. For each area, I will ask you to use this scale to let me know how bothered you have been by any problems in each section. I will also ask you how important treatment is for you for the area being discussed.

The scale is:

- 0 - Not at all
- 1 - Slightly
- 2 - Moderately
- 3 - Considerably
- 4 - Extremely

If you are uncomfortable giving an answer, then don't answer.

**Please do not give inaccurate information!**

**INTERVIEWER INSTRUCTIONS:**

1. Leave no blanks.
2. Make plenty of Comments (if another person reads this ASI, they should have a relatively complete picture of the client's perceptions of his/her problems).
3. X = Question not answered.  
N = Question not applicable.
4. Terminate interview if client misrepresents two or more sections.
5. When noting comments, please write the question number.
6. Tutorial/clarification notes are preceded with "•".

**HALF TIME RULE:** If a question asks the number of months, round up periods of 14 days or more to 1 month. Round up 6 months or more to 1 year.

**CONFIDENCE RATINGS:** ⇒ Last two items in each section.  
⇒ Do not over interpret.  
⇒ Denial does not warrant misrepresentation.  
⇒ Misrepresentation = overt contradiction in information.

**Probe and make plenty of comments!**

**ALCOHOL/DRUG USE INSTRUCTIONS:**

The following questions refer to two time periods: the past 30 days and lifetime. Lifetime refers to the time prior to the last 30 days.

- ⇒ 30 day questions only require the number of days used.
- ⇒ Lifetime use is asked to determine extended periods of use.
- ⇒ Regular use = 3+ times per week, binges, or problematic irregular use in which normal activities are compromised.
- ⇒ Alcohol to intoxication does not necessarily mean "drunk", use the words "felt the effects", "got a buzz", "high", etc. instead of Intoxication. As a rule 3+ or 5+ drinks in one setting, or within a brief period of time defines "intoxication".
- ⇒ How to ask these questions:
  - "How many days in the past 30 have you used....?"
  - "How many years in your life have you regularly used....?"
